

Statement 2008

4 670 449 vehicles crossed the Viaduct of Millau in 2008, representing an increase of 3.04 %, compared to 2007.

This evolution is as follows:

- + 2.61 % for LV (light vehicles);
- + 8.07 % for HGV (heavy goods vehicles).

The most direct route* between Spain and the Paris area has conquered new carriers. Indeed, 392 048 lorries have been recorded (nearly 30 000 more than in 2007), an average of 1 071 HGV per day on 366 days (or 1 568 per working day).

The HGV traffic represents 8.39 % of total traffic.

A new record was registered on 2 August 2008 with 58 826 crossings, while the 18 000 000th crossed the viaduct on 20 December 2008.

Regarding tourism, the Viaduct of Millau continues to attract visitors. The two places dedicated to the knowledge of the structure** welcomed 676 000 people, including 12 400 who followed an Eiffage guided tour.

* The A75 route is one of the North-South routes, such as routes through Bordeaux, Limoges or Lyon.

** "Viaduc Espace Info" ("Les Cazalous"), located under the viaduct, and "Viaduc Expo", located on the "Aire du Viaduc de Millau".
